Mrs. Samuel H. Sibley,
Marietta, Ga.

My dear Mrs. Sibley:

Your sister, Mrs. Tate, seems to be much interested in genealogy and perhaps she could give me some information, or both of you together, regarding the Collier family, your branch, as I understand that your mother was a Collier.

I would appreciate it if you would talk with Mrs. Tate, and if possible, give me the information as below set out.

The name of your mother on the Collier side.
The name of your grandfather on the Collier side.
The name of your great-grandfather on the Collier side, as there are 4 or 5 boys of the 9 sons of Vines Collier, who came from Virginia to Oglethorpe County in 1786, that I have not yet located their descendants.

I am not writing Mrs. Tate direct for the reason that I have forgotten her initials. I have it in the Collier files, but I am not taking the time to look it up, and I trust that you will pardon my asking you to this for me.

With my usual sincere regards, I beg to remain

Yours most cordially,
